

Motorcraft VC-5 Concentrated Coolant - Green

Protect your engine with Motorcraft VC-5 Gold Concentrated Antifreeze/Coolant. Recommended by Ford Motor Company, this ethylene glycol-based coolant has been designed for use in vehicles requiring antifreeze/coolant meeting Ford Specifications WSS-M97B51-A1. This concentrated gold coolant provides year-round antifreeze, anti-boil and corrosion protection. A 50/50 mixture of this antifreeze/coolant and distilled water provides freeze protection down to -34 °F (-36.7 °C) and boiling protection up to 265 °F (129 °C)

Benefits

- Year-Round Protection
- Approved to Ford Specification
- Concentrated Fluid Not Pre-diluted

Features

- Contains A Bittering Agent
- Fluorescent Green-colored
- Anti-boil & Corrosion Protection

Specification

Approved Ford Specification ESE-M97B44-A, ASTM D 3306, Chrysler MS-7170, and ASTM D 4985
